

Project Title & your name

Objective/Goal

What is the problem? Why is it important? Why is it related to the course?

Your approach

What is your approach to the problem? Is the work “Conceptual”? Experimental? theoretical?

Results & Evaluation

- How can we evaluate your work?
- What results came out of it?

Take Away or Further Work

- Experiment with
- ...

Statement on double-credit (if any)

(Is this also part your thesis work? Work for another course? If so, which part of the work can be seen as not being double counted?)
