

November Science Cafe

# *Do Robots Need a Bill of Right? Implications of Artificial Intelligence*

**Friday, November 16, 2007**  
**5:30 - 6:30 pm**  
**Arizona Science Center**

600 E. Washington Street  
Phoenix, AZ  
602-716-2000

Science Cafes are free, informal discussions that bring together members of the community and university scientists, to discuss how science and technology can change the future.

In the typical cafe, a scientist speaks for 5-15 minutes on a topic, with the rest of the time for the public to ask questions and present concerns.

A computer scientist and an attorney currently studying bioethics will discuss progress in artificial intelligence and how we should prepare for this new population.

## **Dr. Subbarao Kambhampati**

Professor, Computer Science & Engineering  
Ira A. Fulton School of Engineering  
Arizona State University

## **Attorney David Calverley**

Research Fellow  
Center for Law Science and Technology  
Arizona State University Law School
